After searching through many books, I bought this one for my daughter because of the straightforward way it is organized. It breaks down wedding costs into percentages of the budget, which is helpful and has many good tips that might not occur to the bride. It lays flat because of the spiral binding, has pages for notes, and is a reasonable size to carry around. It will be many months before we know exactly how much it helped but so far, so good!

I have to chuckle to myself when I read one review horrified that the book is not for a simple wedding. It is not. This ULTRA SIMPLE PLANNER is for any wedding you want: fancy, garden, church, backyard. It is not a planner for an ultra simple wedding, although it can be. So my favorite part is that you can read through this book for ideas, and things to remember if you WANT to follow traditional standards. I'm somewhere in between traditional and modern so this book is perfect to plan a somewhat simple, elegant wedding that I want. There are check lists and areas for all your

notes and vendors contacts and even to shop around with comparison charts. There are a lot of parts and details that I don't want so I will simply cross out the valet team and ice sculpture, but the ideas are still there. Its all in one place and spiral bound, which is perfect for me. Its a great start for anyone.

The planner is simple and tells you want you need, what your gonna want, and also helps out with explaining things I had no idea. The book also helps with details, and websites that can help with wedding dresses plus wedding details!

When my daughter got engaged, we realized she'd need a wedding planner to keep herself organized. This one just works perfect. Space for her notes, would be better if there were pockets for her to keep copies of the contracts, etc. but we really find it works just perfectly.

I didn't uses it and I did my own wedding. Overcomplicated. This is not a book for a simple wedding. As soon as you talk about how much for valet parking you lost me. Save your money and get a binder. I read reviews like those and still bought it. Should have bought a binder and divider tabs.

Bought this to organize my sister's wedding and it's really nice... tons of tips plus a checklist broken down by month. There are calendars and questionnaires and all sorts of stuff. I would like to see some posckets for receipts, but would buy again regardless.

This book is truly helping me so much to organize and prioritize! Love it and would reccommend this book for anyone getting married and doing it all on their own.

I BOUGHT THIS PLANNER FOR A CO WORKER AND SHE LOVE IT VERY MUCH, VERY SIMPLE TO PLAN WITH THIS BOOK, AND EASY TO ORGANIZE EVERTHING YOU WOULD NEED TO PLAN A WEDDING. I HIGHLY RECOMMEND THIS BOOK IT IS FABULOUS BELIEVE ME YOU WONT BE DISAPPOINTED IT IS A VERY LOVELY WEDDING PLANNER :)
