Read on your PC, Mac, smart phone, tablet or Kindle device. You're about to discover how to become aware of the mental health signs in teens. Mental illness in Teens are medical conditions that disrupt thinking, feeling more, ability to relate to others, and daily functioning. Mental illnesses can affect persons of any age, race, religion, or income. Mental illnesses are not the result of personal weakness, lack of character, or poor upbringing. Mental illness is an illness just like a physical illness. It is becoming more and more apparent that mental illness in teens is a real issue that requires immediate attention. In a study conducted by the Center for Disease Control, it was revealed that up to 1 to 5 young people in the United States struggle with mental illness. It was also found that the prevalence of mental illness among America's youth seems to be increasing. Knowing the warning signs of mental illness has the potential to not just improve your child's life but in some cases save it. Here Is A Preview Of What You'll Learn...
