# Titanic In Photographs

## Synopsis

From the team of expert behind *Titanic: The Ship Magnificent*, this story of the *Titanic* in pictures, from build to maiden voyage, includes many rare images from collectors' archives. The name *Titanic* has become synonymous with catastrophe, the story of this luxurious liner legendary. Wrecked after colliding with an iceberg on her maiden voyage, the loss of around 1,500 lives among her passengers and crew has gone down in history as one of the most emotive and tragic disasters in history. In this evocative collection of photography, the authors of *Titanic: The Ship Magnificent* tell her full story, from the shipyards of Harland & Wolff and its early vessels, with the backdrop of the great race to build the biggest and best passenger liner, to the frenzy of excitement surrounding her launch. Looking at her officers and crew, her stops at Cherbourg and Queenstown, and including some special, rare photographs, the book follows the story to its inevitable conclusion, considering the lifeboats, the presence of the *Carpathia*, and the aftermath of the disaster.

## Book Information

Paperback: 160 pages

Publisher: The History Press (April 1, 2014)

Language: English

ISBN-10: 075249953X

ISBN-13: 978-0752499536

Product Dimensions: 10 x 0.6 x 10 inches

Shipping Weight: 1.7 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars (See all reviews) (2 customer reviews)

Best Sellers Rank: #629,671 in Books (See Top 100 in Books) #17 in Books > Engineering & Transportation > Transportation > Ships > Passenger #81 in Books > Arts & Photography > Vehicle Pictorials > Ships #491 in Books > Engineering & Transportation > Transportation > History > Ships

## Customer Reviews

Titanic and Olympic photographs are what really interest me when it comes to the Olympic Class ships. One of the authors of this book bought some Olympic images, from me, back in 2009. My only problem with this book is that the same old photographs of the *Titanic*, which have been printed in many books already are often given full page spreads and yet the very rare photographs, that have not been published as much, are sometimes so tiny that you really have to strain your eyes to see them. This might be the fault of the publisher rather than the authors. This irks me somewhat. Isn't

this book meant to be for the photographs? It really is a great shame because this book is now going to be seen as the reference book for Titanic photographs. I would urge the authors to look at the print layout for future editions. A rare, previously unpublished photograph of the Titanic is surely much more interesting than a well known Titanic photograph or the author's text? These rarer photographs should be given a higher priority because that is what is exciting and what we all want to see! This review has recently been updated to a full 5 stars due to the fact that had it not been for this book I doubt some of the rarer photographs would be available to a lot of us. Some of these images I do not think have been published in any other Titanic book and there are a hell of a lot of Titanic books now. That makes this a book that nobody interested in the Titanic can be without and deserve 5 stars.

Awesome photos with some good history!
