Customer Reviews

I loved the Damron Women's Traveller: 2013 I already had a copy this one I purchased for a friend of mine. I bought it and Lesbian Dating: Officially , Maybe, I Think. I usually give out the Damron book to friends so we can decide what we are going to do each year. Having the book for us makes it a lot easier to make plans. I definitely recommend it if you are in search of things to do that are woman friendly. Nobody likes to go where they are not wanted. Go where you are appreciated not tolerated. Anyway great book!

A must have for women! The information is timely and very informative. I have been using this guide

for years and this new edition is even better! I am in the process of relocating and this guide can tell me things about any of my possible destinations! Highly recommended!

The type goes directly to the spine of the book, so you have to really bend it open to read the entire text. Not so easy to use because of this.
