Customer Reviews

Disclosure: I received a review copy from the publisher in exchange for a honest review/blog tour. 4 1/2 stars. Aslan hits another home run with *The Girl at the Center of the World*, the final installment in his dystopian thriller of a sixteen-year-old Hawaiian girl trying to save her family and the entire world. *The Girl at the Center of the World* picks up approximately three months after the first book. Leilani and her family are trying their best to survive in this post-apocalyptic world without technology. Any semblance of their prior lives is long gone, as they have to learn to farm for most of their food, barter for other necessities, and just basically survive from day-to-day because there's no more laws or order. Gangs/Tribes run rampant in the streets, controlling areas of

Hawaii or people self electing themselves as judge, jury and executioner. In the first book, readers got to glimpse life before and during the apocalypse but now weâ™re experiencing the aftermath and itâ™s just as terrifying as youâ™d think. Leilani and her father thought it would be safer in the rural area of Hilo, away from the big cities but it was far from it. Aslan painted a vivid image of despair and chaos with people being attacked, stores lootedâ jjust a grim idea of what the world would look like if technology was taken out of the equation. Society as a whole would start to crumble, with the police unable to protect the citizens and hospitals unable to heal. Itâ™s scary how plausible it is, especially since societies nowadays are so dependent on technology for every single thing. While the first book mainly focused on Leilani and her father Mike, which I didnâ™t mind at all. I was happy to see more characters entering the mix.
