The Little Girl

Synopsis

From the author that brought you the #1 Bestseller LETTERS FROM THE LOONEY BIN. Based on Actual Events. Molly, a disturbed little girl with a horrific past, believes she is a princess in The Land of Pretty who can speak with dolls. Lindy Wellbrook is a young therapist whose goal is getting clients through recovery in record time. Her approach is straightforward and she doesn't tolerate self-pity. Just as they get closer to recovery Molly's cruel alternate personality surfaces, a boy named Pen, who becomes hell-bent on sabotaging any progress. This only challenges Lindy to push the therapy even harder. However, life for Lindy takes a drastic turn when the little girl commits suicide and the hard nose therapist is left to uncover what went wrong. Lindy begins to listen to recordings of their past sessions, replaying the conversations, analyzing details to the point of obsession in finding the answer. Slowly, as Lindy nears the truth, her own life unravels and she realizes--that all things Molly were not as they seemed. www.ThatcherCNalley.com

Customer Reviews

I loved this read. Yet another psychological thriller from Nalley. It delved into the world of people

with Dissociative Identity Disorder. Molly was in her 30s but was still a child in her mind due to the traumatic events she had gone through in life. She sought therapy from Lindy who had never encountered a patient with DID before. Feeling that she could help Molly, she took her on and learned that she was dealing with Molly and her other personality "Pen" after the fact. Several months later, Molly commits suicide and Lindy is left to deal with whether or not she was the cause of her patient's death. The "twist" was underwhelming for me but overall still a great read. I look forward to reading more of Nalley's work.

This is one of those super unique books. It has a story line that will haunt you forever. We find out right away that the troubled and abused little girl, Molly, committed suicide. Although that sounds like the story would be over before it started, that definitely wasn't the case. We follow the therapist Lindy as she tries to come to terms with her *failure*. Where did she go wrong as a therapist? Was there anything that she could have done differently? Overall it is a solid five stars! The pace was perfect and I loved the ending.

An all too real look inside the minds of Molly a troubled 8 year old and Lindy a new therapist who wants to make all things better. It's a roller-coaster of a book that holds nothing back. Not for the faint hearted. For me such an original story line kept me engaged to the end. I thoroughly enjoy it.

This is a one of a kind story surrounding a little girl called Molly and her therapist. The story is very chilling and after young Molly commits suicide, the devastated therapist tries to find out what really happened. Very well written storyline full of suspense and which can be haunting at times. I was intrigued by its multi-dimensional characters which convey the lessons of this story in a powerful way. Highly recommended.

A girl scarred for life by child abuse. The images she creates are to allow herself to be happy for a short time before the evils of Pen return. Miss Lindy her therapist tries to find some way to rid Molly of the evil Pen. Miss Lindy goes as far as she can with that idea before she stops having therapy sessions with Molly. Little does she know that she provided Molly with some normal days. The only real problem with this book is the telling of the therapist life that is intertwined with Molly's story. This part of the book is confusing because it jumps from present to past and its confusing to follow. The Molly side of the book is not too hard to follow but when the personal life of the therapist is inserted into the story

Being a counselor, I am drawn to books of this nature. It draws you in and surprises you. It makes you think about your own cases. It is refreshing, much like the guest speakers at a convention hired to give you an emotional boost.

Very engaging! This writer is a masterful storyteller. She caught me from the beginning and I couldn't wait to read more. Her characters are real and they come off the page. She has a natural flow to her style that includes the reader and it made me feel like I was experiencing the story for myself. I enjoy her style and would recommend her to my friends and family. I look forward to more books!

While the story was not what I had expected, it was very interesting, and drew me in, keeping me looking for clues or answers about Molly. Not until the very end, do you finally understand what happened to Molly, and why. I really liked how she finished the story.
